Languages: C++, Java, Python, SML, Bash, VHDL, $\text{\LaTeX}$

EDUCATION

Indian Institute of Technology, Delhi

May 2024 (expected)

Bachelor and Master of Technology - Computer Science & Engineering

WORK EXPERIENCE

Google India

Summer 2022

Software Engineering Intern

Bangalore, India

- Worked in the **Google Cloud Editors Team** (Google Docs, Sheets) under AppsScript to facilitate Javascript's Rhino to V8 runtime engine transfer in a step-by-step manner.
- Wrote a filtering script on the backend to bring down user script's execution time by **amortized 20%**.

Yokogawa

Spring 2022

Software Engineering Intern

Tokyo, Japan - Remote

- Full stack development techstack transfer work in **React Js** and **Node Js**. Contract based via Willings, Inc.

Google India

Summer 2021

Engineering Practicum Intern

Bangalore, India

- Worked in the Ads NBU team. Built backend pipeline for a translation feature in **Java** for Ads Storefront pages.
- Worked on extraction and anonymization for data to be used for translation analysis in privacy-secure manner.

CovEd India - Educational Initiative

Summer 2020

Core team member & Lead

www.covedindia.org

- Conceptualized, set up and lead a **social initiative** aimed at connecting college students to needy school students in the COVID-19 crisis lockdown in India. Successfully connected and provided mentorship to **1000+** school students.
- Built backend using Sheets & GMail API in **Google Developer tools**. Partnered up with **schoolhouse.world**.

POSITIONS OF RESPONSIBILITY

- **Academic Mentor, BSW:** For freshmen students taking Calculus (Fall '20) and Linear Algebra (Spring '21). Responsible for conducting weekly help & doubt sessions and assisting students with the subject.
- **WebDev Executive, BSA:** Responsible for re-designing and maintaining the institute's current Board of Sports Activities website with an average visitor count of 2000+ per month on Django framework as a fullstack developer.
- **Athletics Captain:** Responsible for handling sports and athletics events/initiatives of Himadri house.

ACADEMIC ACHIEVEMENTS

- **JEE Advanced 2019:** Secured **99.09 %ile** among 0.2 million+ shortlisted candidates across India.
- **JEE Mains 2019:** Secured **99.48 %ile** among 1.2 million+ candidates across India.

COLLEGE EXTRA-CURRICULARS

- **Programming Languages Mentoring Workshop, SPLASH 2020:** One of 60 students awarded complimentary registration to ACM's OOPSLA and ECOOP virtual conferences.
- **Athletics:** Part of winning athletics contingent at the prestigious Inter-IIT Sports Meet, IIT Kharagpur.
- **Music:** One of 16 selected vocalists of Cadence, Western music society, Music club at IIT Delhi.

CORE COURSES

COL106: Data Structures & Algorithms, **COL202:** Discrete Math for CS, **COL215:** Digital Logic & System Design, **COP290:** Design Practices in CS, **COL216:** Computer Architecture, **COL333:** Artificial Intelligence, **COL334:** Computer Networks, **COL351:** Algorithm Design, **COL226:** Programming Languages, **COL331:** Operating Systems, **COL352:** Theory of Computation, **COL380:** Parallel & Distributed Programming, **COL362:** Intro to DBMS, **COL726:** Numerical Algorithms, **COL774:** Machine Learning, **COL780:** Computer Vision
